

Use before accepting monofloral or multifloral wording.

Product / lot: _____ Supplier: _____

Claim	Definition	Evidence	Lot link	Status
Monofloral	Definition used	Botanical / scheme evidence	Batch link	OPEN
Multifloral Mānuka	Definition used	Botanical / scheme evidence	Batch link	OPEN
Australian Mānuka	Origin + product basis	Origin chain + evidence	Batch link	OPEN
MGO grade	mg/kg threshold	Batch laboratory result	Batch link	OPEN
Species wording	Species named?	Species-specific evidence	Batch link	OPEN
Private scheme	Scheme / mark	Licence + criteria	Product link	OPEN

Do not treat MGO as the sole proof of floral source.

Floral-Source Claim Verification Matrix

Evidence quality and buyer decision.

Control	Status	Evidence note	Decision
Definition named	Yes / No	Which scheme / contract definition?	
Laboratory identified	Yes / No	Method / competence / report ID	
Pollen evidence	If used	Method + botanical context	
Chemical evidence	If used	Marker + purpose	
Origin evidence	Yes / No	Australia source chain	
Batch linkage	Yes / No	Current offered lot	
Artwork wording	Exact text	Matches evidence scope?	
Buyer decision	GREEN / AMBER / RED	Reason recorded	

GREEN = defined + lot-linked evidence · AMBER = gap remains · RED = wording not supportable
